ANTO GODWIN N

Full-Stack .NET Developer

Chennai, India | 8148060698 | antogodwin32@gmail.com | linkedin.com/in/anto-godwinn

SUMMARY

Full-Stack .NET Developer with 3+ years of experience developing enterprise applications and RESTful APIs using C#, ASP.NET Core, React, SQL Server, and Azure. Experienced in API integrations, automation, CI/CD, and scalable application development, with a strong interest in expanding into AI-assisted development and emerging technologies.

SKILLS

Backend: C#, .NET, ASP.NET Core, ASP.NET MVC, Web API, RESTful APIs, Entity Framework Core, LINQ

Frontend: React.js, JavaScript (ES6+), HTML, CSS

Database: SQL Server, T-SQL, Stored Procedures, SQL Jobs, SSIS, Azure Cosmos DB

Security: JWT Authentication, OAuth 2.0, ASP.NET Core Identity, Role-Based Authorization

Cloud & DevOps: Microsoft Azure, Azure App Services, Azure DevOps, CI/CD Pipelines, Git, TFS

Tools: Visual Studio, VS Code, Postman, Swagger/OpenAPI, PowerShell

PROFESSIONAL EXPERIENCE

Application Development Analyst | Accenture **06/2023 – Present**

Chennai, India | Clients: Cencora, Hackensack Meridian Health

- Developed and maintained enterprise healthcare applications and RESTful APIs using C#, ASP.NET Core, Entity Framework Core, React, and SQL Server, including authentication and third-party integrations.
- Delivered 15+ features and enhancements across healthcare platforms while collaborating with cross-functional teams in Agile development environments.
- Designed and integrated REST APIs and backend services using HTTP/JSON, supporting secure communication between applications and external systems.
- Optimized SQL stored procedures, queries, and built 10+ SSIS packages for enterprise data integration and reporting.
- Automated business processing using .NET, reducing manual effort and improving operational efficiency across multiple business processes.
- Leveraged Git and Azure DevOps for source control, CI/CD, code reviews, and application releases.
- Worked with Sitecore CMS-based enterprise applications, delivering application enhancements and automation solutions within the Microsoft .NET ecosystem.

PROJECTS

Cencora Specialty Pharmacy Platform **05/2024 – Present**

Tech: ASP.NET Core, C#, React, Web API, SQL Server, SSIS, OAuth 2.0, PowerShell

- Developed and enhanced 20+ API endpoints and React portal features using ASP.NET Core, React, and SQL Server.
- Integrated a centralized FedEx API service using ASP.NET Core and OAuth, standardizing shipping, rate, transit, and tracking operations across 4 pharmacy applications.
- Implemented 10+ data integration solutions using SQL Server, SSIS, and stored procedures for reporting, system integrations, and data processing.
- Modernized a legacy VB.NET application by migrating it to Dot NET-based automated solution.
- Automated internal operational workflows by creating an SFTP file-transfer service, database schema comparison utility, and portal health monitor for 100+ portals.

Hackensack Meridian Health (HMH) **10/2023 – 04/2024**

Tech: ASP.NET Core MVC, C#, SQL Server, Sitecore, PowerShell, Azure

- Developed an ASP.NET Core MVC shift allowance tracking application hosted on Azure for internal business operations.
- Created a sitemap validation utility to support website health monitoring and content verification.
- Automated repository management and operational workflows using DotNet utilities.
- Contributed to the maintenance and enhancement of Sitecore-based healthcare applications using C#, ASP.NET MVC, SQL, and Sitecore CMS.

CERTIFICATIONS

- Microsoft Certified: Azure Fundamentals (AZ-900) | Azure Administrator Associate (AZ-104) | DevOps Engineer Expert (AZ-400)

EDUCATION

B.E. – Computer Science Engineering, St. Joseph's Institute of Technology, Chennai **04/2019 – 04/2023**
